

holder that an alternate method of reporting is reasonably necessary and will not hinder the effective administration or enforcement of this subpart.

[45 FR 57134, Aug. 27, 1980, as amended at 50 FR 12809, Apr. 1, 1985]

#### **§ 222.12-9 Importation.**

No pre-Act endangered species part shall be imported into the United States, and a certificate of exemption issued in accordance with the provisions of this subpart confers no right or privilege to import into the United States any such part.

#### **§ 222.13 Exportation.**

(a) Any person desiring to export from the United States any pre-Act endangered species part or scrimshaw product, must possess a valid certificate of exemption issued in accordance with the provisions of this subpart.

(b) In addition to other information, which may be required by this subpart, the exporter will notify the Assistant Administrator by letter which shall show the name and address of the foreign consignee, the intended port of exportation, and a complete description of the parts to be exported. Such information should reach the Assistant Administrator not less than 10 days prior to shipment.

(c) No pre-Act endangered species part or scrimshaw product which is to be exported from the United States under a certificate of exemption issued therefor, shall be exported except at a port or ports designated by the Secretary of the Interior. The Secretary of the Interior may permit the exportation at non-designated ports for any reason if he deems it appropriate and consistent with the purposes of the Endangered Species Act, as amended, or it will facilitate the administration or enforcement of the Act and reducing the costs thereof. Exporters are advised to see 50 CFR part 14 for a listing of the designated ports.

#### **§ 222.13-1 Procedure by exporter.**

Shipment may not be made until the requirements of § 222.13 are met by the exporter. A copy of the certificate of exemption, and any endorsements thereto, must be sent by the exporter to the District Director of Customs at

the port of exportation, and must precede or accompany the shipment in order to permit appropriate inspection prior to lading.

#### **§ 222.13-2 Action by Customs.**

Upon receipt of a certificate of exemption authorizing the exportation of pre-Act endangered species parts or scrimshaw products, the District Director of Customs may order such inspection as deemed necessary prior to lading of the merchandise. If satisfied that the shipment is proper and agrees with the information contained in the certificate, and any endorsement thereto, the District Director of Customs will clear the merchandise for export. The certificate, and any endorsements, will be forwarded to the Chief, Enforcement Division, F/CM5 National Marine Fisheries Service, Washington, DC 20235.

#### **§ 222.13-3 Transportation to effect exportation.**

Notwithstanding any provision of this subpart, it shall not be required that authorization be obtained from the Assistant Administrator for the transportation in interstate or foreign commerce of pre-Act endangered species parts to effect an exportation of such parts authorized under the provisions of this subpart.

#### **§ 222.13-4 Burden of proof; presumption.**

Any person claiming the benefit of any exemption or certificate of exemption under the Act or regulations, shall have the burden of proving that the exemption or certificate is applicable, has been granted, and was valid and in force at the time of the alleged violation.

### **Subpart C—Endangered Fish or Wildlife Permits**

SOURCE: 39 FR 41375, Nov. 27, 1974, unless otherwise noted.

#### **§ 222.21 General permit requirement.**

No person shall take, import, export, or engage in any other prohibited activity involving, any species or subspecies of fish or wildlife which the Secretary has determined to be endangered under the Endangered Species

Act of 1973, as evidenced by its inclusion on the list of endangered fish or wildlife (see 50 CFR chapter I, part 17) or which the Secretary of the Interior determined to be endangered under the Endangered Species Conservation Act of 1969 and which are now under the jurisdictional responsibilities of the Secretary of Commerce, without a valid permit issued pursuant to this part.

[41 FR 36028, Aug. 26, 1976]

**§ 222.22 Permits for the incidental taking of endangered species.**

(a) *Scope.* (1) The Assistant Administrator may issue permits to take endangered marine species incidentally to an otherwise lawful activity under section 10(a)(1)(B) of the Endangered Species Act of 1973. The regulations in this section apply only to those endangered species under the jurisdiction of the Secretary of Commerce identified in § 222.23(a).

(2) If the applicant represents an individual or a single entity, such as a corporation, the Assistant Administrator will issue an individual incidental take permit. If the applicant represents a group or organization whose members conduct the same or a similar activity in the same geographical area with similar impacts on endangered marine species, the Assistant Administrator will issue a general incidental take permit. To be covered by a general incidental take permit, each individual conducting the activity must have a certificate of inclusion issued under paragraph (f) of this section.

(b) *Permit application procedures.* Applications should be sent to the Assistant Administrator for Fisheries, National Marine Fisheries Service, 1335 East West Highway, Silver Spring, MD 20910. The sufficiency of the application will be determined by the Assistant Administrator in accordance with the requirements of this section. At least 120 days should be allowed for processing. Each application must be signed and dated and include the following:

(1) The type of application, either:

(i) Application for an Individual Incidental Take Permit under the Endangered Species Act of 1973, or

(ii) Application for a General Incidental Take Permit under the Endangered Species Act of 1973.

(2) The name, address and telephone number of the applicant. If the applicant is a partnership, corporate entity or is representing a group or organization, the applicable details.

(3) The species or stocks, by common and scientific name, and a description of the status, distribution, seasonal distribution, habitat needs, feeding habits and other biological requirements of the affected species or stocks.

(4) A detailed description of the proposed activity, including the anticipated dates, duration and specific location. If the request is for a general incidental take permit, an estimate of the total level of activity expected to be conducted.

(5) A conservation plan, based on the best scientific and commercial data available, which specifies

(i) The anticipated impact (*i.e.*, amount, extent and type of anticipated taking) of the proposed activity on the species or stocks;

(ii) The anticipated impact of the proposed activity on the habitat of the species or stocks and the likelihood of restoration of the affected habitat;

(iii) The steps (specialized equipment, methods of conducting activities, or other means) that will be taken to monitor, minimize and mitigate such impacts, and the funding available to implement such measures; and

(iv) The alternative actions to such taking that were considered and the reasons why those alternatives are not being used.

(v) A list of all sources of data used in preparation of the plan, including reference reports, environmental assessments and impact statements, and personal communications with recognized experts on the species or activity who may have access to data not published in current literature.

(c) *Issuance criteria.* (1) In determining whether to issue a permit, the Assistant Administrator will consider the following:

(i) The status of the affected species or stocks;

(ii) The potential severity of direct, indirect and cumulative impacts on the
